“

I chose SMU because I knew that in order to be successful in the 21st century, I needed to be able to present and voice my opinions well, and SMU's interactive seminar-style pedagogy would build my confidence and help me do that. Being an SMU scholar has also given me the freedom to pursue my intellectual interests: I am taking a second major in Finance and am currently on exchange in the United States before returning to SMU next semester. I am thankful for the opportunities that I've had as an SMU scholar.

OUR SCHOLARS

SAY...

“It was heartening to know that SMU recognised my potential and was willing to help further develop me. The support given to me from the SMU Centre for Scholars' Development has been very valuable, from engagement sessions with other scholars to assistance with daily school life. Above and beyond the opportunities I have had, the friendships that I've made have been most invaluable.”

GLOBAL IMPACT SCHOLARSHIP AWARD

The Global Impact Scholarship is truly unlike any other. Beyond just enabling me to be financially independent and providing me with global exposure, it has given me a close-knit community of like-minded peers with whom I take on different SMU-X programmes and overseas community service projects. It is through these opportunities where we work together that we help to sharpen and push each other to achieve something greater than what we are individually capable of. The Global Impact Scholarship is not just an award or recognition of academic excellence but a journey towards learning to become more adaptable, resilient and determined.

LEE KONG CHIAN SCHOLARS' PROGRAMME

The Lee Kong Chian Scholars' Programme reduced my financial burden by covering my tuition fees and providing support for student exchange and overseas community service. In addition, I went on a study trip to London, where I had the chance to network with experts in different industries and visited companies such as Bloomberg, Visa and World Wildlife Fund (WWF). I was also given the opportunity to give back to society, by embarking on local and overseas community service projects to help those in need. Through the organization and execution of these projects, I have been able to develop my leadership skills and ability to work well in a team. Most importantly, through the scholarship, I met many seniors and friends who gave me great support, guidance and career advice along the way, making my university journey a smoother and very memorable one.

SMU MERIT SCHOLARSHIP

As an SMU scholar, I had the opportunity to go on a summer exchange at the University of Cambridge. Getting to explore a different culture has been an eye-opening experience and I've also made many international friends.

After my experience at Cambridge, I fully appreciate the unique teaching pedagogy at SMU which emphasises student interaction. I was previously more of an introvert but wanted to be more articulate, and speaking up in class pushes students out of their comfort zone and increases confidence.

YIP PIN XIU SCHOLARSHIP

The Yip Pin Xiu Scholarship has allowed me to continue to focus on my sport – waterskiing – on top of schooling. Time management is essential in balancing both academics and sports. For example, I map out all the assignments and tests I have as well as my competition and training dates to make sure that I stay on top of my work at all times. SMU has been very accommodating and helps to rearrange any classes or tests that I have to miss due to competitions.
